ABOUT US

At Sheds Sheds Sheds Ltd, we don't believe in cutting corners – that's why every building we make is built from 22mm heavy-duty timber, compared to the 11mm industry standard.

Since 2004, we've been creating strong, reliable sheds, summer houses, man caves and hot tub shelters, while also offering fencing, timber and sheet materials for customers who want to take on their own projects.

We've built our reputation on quality and service, and our customers agree – with glowing 5-star Google reviews backing us all the way.

The business was founded by Darren Hughes and has grown into a true family effort. Our Worksop yard, running for 21 years, is now proudly managed by his children, Callie and Darren Jnr, while the Wrangle yard, open for the past 8 years, is overseen by their father, Darren Snr.

With two generations working side by side, we combine experience, passion, and family values to bring our customers the very best in garden buildings, fencing, and timber supplies – all built stronger than the industry standard.

Clare Norris

“Absolutely brilliant lads Shed was in and up in less than 2 hours, no hassle, fantastic quality, even better than we expected we went for a rubber roof and some shelving inside as extra, and it's all been done at a great price. Would definitely recommend to anyone looking for a new shed or wooden building, they really do look after you!”

Lewis Cameron

“Over the moon with this very professional team, top quality Finnish, would highly recommend, thank you, brilliant job”

John Parkin

“I ordered this summer house about 1 month ago, and it was delivered last week. All I can say is amazing, we absolutely love it. Great set of lads that delivered and built the summer house. We are more than happy with the build quality, colour and size. It's exactly what we wanted and more. Thanks for everything, and good luck with all.

John”

Louise Winson

“Had my summer house delivered and installed by Darren and the team. Put me a base down, boarded and insulated inside, all with electrics installed. I am more than happy with the quality and professionalism of the company. Thank you ”
